

THE VICTIMOLOGY SOCIETY OF SERBIA PARTICIPATED IN THE 21ST TRADITIONAL MANIFESTATION "I AM A CHILD FROM THIS PLANET TOO"

On 08.10.2024. in front of the plateau of the City Municipality of Novi Belgrade, the 21st consecutive manifestation "*I am a child from this planet*" was held, which is traditionally organized by the Association for Helping Mentally Underdeveloped Persons (MNRO) "New Belgrade" under the auspices of the Municipal Center for the Care of the Elderly, children and people with disabilities "New Belgrade".

This year's event was attended by members from various associations for helping people with disabilities, educational and cultural institutions, as well as institutions from the social protection system.

At the invitation of the Center for the Care of the Elderly, Children and Persons with Disabilities "New Belgrade" and the MNRO Assistance Association "New Belgrade", the Victimological Society of Serbia for the second year in a row responded with pleasure to the invitation to participate in the event with the aim of connecting as many institutions as possible and organization at the local level.

This was an opportunity for representatives of the VDS to talk with citizens, to share informational material with them and thus introduce them to the work of the VDS, and especially the VDS info and victim support service and the services that exist within it.

The participation contributed to strengthening mutual cooperation of actors at the local level, increasing visibility and better informing citizens about available services and ways to prevent violence in general and especially violence against vulnerable groups such as children, the elderly and people with disabilities.
